

## Rainbow Hair Headband

### Children will need:

- Cardboard
- Crepe paper (assorted colours)
- Scissors
- Sticky tape

Cut a strip of cardboard and wrap it around your head and tape it together where it fits best. (Depending on the length of your cardboard you may need to tape 2-3 pieces together).

Cut crepe paper into long strips (these become the 'hair').

Holding your headband, tape crepe paper strips onto one half of the band.

Now try it on- do you have rainbow hair?

**Learning Outcome 2:** Children are connected with and contribute to their world
